

PRESS RELEASE

ASSOCIATION OF MORRIS CLUBS ESTABLISHED

Following the tremendous success of the Morris Centenary celebrations in 2013 during which representatives from most of the UK based Morris clubs worked together to stage a number of spectacular events, a new Morris Vehicles Association has been formed.

The aim of the Association is to maintain and enhance the level of co-operation which culminated in the final event of the centenary year when all the Morris clubs were represented in the same hall at the National Exhibition Centre and staged the award winning Centenary Stand.

In addition, the MVA hopes to stage an annual event which will be open to all Morris vehicles and derivative models, provide a forum for discussion of topics of common interest and maintain a steady exchange of information and ideas.

Widespread support was forthcoming from a number of clubs including:

The Morris Minor Owners Club

The Morris Register

The 6/80 and MO Club

The Morris Commercial Club

The Morris Marina and Ital Register

The Pre-war Minor Network

The Post Office Vehicle Club

Cornwall Morris 1000 Club

The Minor LCV Register

Additional support has also been forthcoming from other marques which have a close association with Morris.

Any Club representatives wishing to know more about the activities of the MVA or who wish to attend future meetings should contact Ray Newell MMOC Secretary rgnewell1951@hotmail.co.uk
