

Advert for David King's Wolseley 4/50

1950 Wolseley 4/50 for sale, maroon 4 door car. I have owned it since 2015, and I believe I am the 5th owner. It has never done many miles, currently reads 44,274 (I think we can add another 30,000 to this, but there's no fixed record available). When I bought the car, it had been restored bodily, and I have since then done the engine and cooling system. Contact David King, mob 07773 032417, email dangerousdave1229@yahoo.co.uk £10,000. David and the 4/50 are located in Acton, near Sudbury, Suffolk UK
